

# MEDICAL INSERT WRISTBANDS

(Insert Cards Included)

Available  
in Red  
or White

Insert Cards supplied

## Quick. Easy. Convenient.

Our Insert Wristband provides a quick, easy way to securely protect patient data. Each wristband is specially constructed with an opening in the back where a handwritten or printed insert card can be inserted. The opening design provides the insert card with protection, while remaining clear and visible from the front.
